

## Series UJ20-500

### Standard Equipment

- 15m 4-core oil resistance electric cable with 4-pin plug
- 20m wear resistance high pressure hose with stainless steel fittings
- 1m high pressure gun with lance and stainless steel nozzle
- User manual book with part list

### Optional Accessories

- Extension hoses with connectors
- Extension cables
- Rotating nozzle
- Drain and pipe cleaning nozzles
- Spare part kits
- Sandblasting kit with boron carbide nozzle
- High Pressure protection clothing, helmet with face shield and earmuff
- Hose protection

# ULTRAJET

## High Pressure Water Blaster 500bars

**ULTRAJET** UJ20-500 is a professional heavy-duty high-pressure water blaster with a high-performance crank shaft, ceramic pistons and the simplest design – aimed to reduce the Total Cost of Ownership (TCOO). Fully manufactured in Europe, these water blasters are designed to reduce the complexity of maintenance without compromising the quality and durability for heavy duty usage under the toughest conditions.

High-pressure cleaning companies

Building sites and boatyards

Iron and steel works and mechanical engineering firms

Food-industry companies

Oil, chemical and energy companies

## Series UJ20-500

### Highlights

- Made in EU with 100% EU components
- Sturdy full stainless steel tubular frame
- Triplex ceramic plungers pump
- Asynchronous three-phase 15 kW high-efficiency IP55 motor
- Low water inlet pressure protection switch and alarm
- Unloader valve with pressure release
- Stainless steel pressure gauge with glycerin
- 50 microns water filter with replaceable cartridge
- Control panel with emergency stop and low water inlet pressure sensor error light
- Thermal protection valve to protect damage to pump seals

# ULTRAJET

Control panel with E stop and error warning light

Unloader valve with pressure release

Rupture Disc System

Thermal Protection Valve to protect damage to seals due to high temperature

## Technical Specifications

	UJ20/500-15	UJ20/500-18
Pump Pressure (Bar/Psi)	500/7250	500/7250
Flowrate (liter per minute)	15	18
Max inlet temperature (°C)	65	65
Power Voltage/phase	380V/3ph	440V/3ph
Power Frequency (hz)	50	60
Power consumption (HP/kW)	20/15	20/15
Motor Class	IP 55/F	IP 55/F
Pump RPM	1450	1800
Load Current (A)	26	28.5
Weight (Kg)	170	170
Dimension (mm)	1030 X 687 X 860	1030 X 687 X 860
